Sample Candidate E

sample.candidate@example.com | +91 98765 43210

Summary

Student who builds complete web applications from the page to the database.

Education

B.Tech in Computer Science and Engineering, Sample Institute of Technology, 2022 - 2026

Skills

Frontend: JavaScript, HTML, CSS, React

Backend: Node.js, REST API, SQL, MongoDB

Tools: Git, Docker

Projects

Expense Tracker

- Built the interface with React, HTML and CSS and a Node.js server exposing a REST API
- Stored data in MongoDB and wrote SQL reports for monthly summaries

Event Booking Site

- Wrote JavaScript for the booking flow, kept the code in Git and ran the app in Docker
